January 2023

THE HAPPENINGS OF January

Basketball Games, 100 Days of School, Quarter awards, Spelling Bees, oh my!

On the 100 Days of school, K-6th enjoyed a movie in the gym while 7-12th took their first field trip to Glasgow's bowling alley for a couple of hours of lively competition.

Students who achieved Honor Roll for Second Quarter attended the Wolf Point Theatre for an award. K-6th saw *Puss in Boots 2* while the 7-12th graders attended a reshowing of *Black Adam*.

On January 31st, 4-8th Grade held a Spelling Bee competition. On February 22nd, the following students will be traveling to Lustre to compete in the county Spelling Bee competition. The results are as follows:

- 1st: Adeline Smoker
- 2nd: Kalissa Jackson
- 3rd: Kassidy Hentges
- 4th: Kallen Jones
- 5th: Zayden Hentges
- 6th: Bryce Even (Alternate)

January Quote

“Hello January”
Journey of a thousand miles
Always starts somewhere.
Nothing will be achieved
Unless you take
Action. Momentum plus
Repeated efforts will take
You further than expected.

Superintendent Ms. Blount-Cole

We have had a great month of Celebratory Events such as the Awards Assembly and Incentives such as going to the movies and such. I am extremely proud of all of the students who do excellent work with academics, behavior and attendance! Good job Frazer Bearcub students!!!

Frazer to Celebrate "I Love to Read" Month

Frazer students will celebrate "I Love to Read" month in February. Activities include inviting parents and guardians to school for morning pastries and reading; reading spirit days; a bookmark design contest; and a reading finale on March 2, Dr. Seuss' birthday. Moms, guardians, grandmas or aunties are invited to read with their students on the mornings of Feb. 8 and 22 for "Muffins with Mom." And dads, guardians, grandpas, or uncles are invited to read with their students on the mornings of Feb. 15 and March 1 for "Donuts with Dad." Reading spirit dress up days start Feb. 7 with wearing hats on "Hats Off to Reading Day;" wear red Feb. 14 for "I Love to Read Day;" wear clothes featuring words on Feb. 21 for "Wear Words Day;" and on March 2, students can wear their pajamas to school and bring a blanket for "Snuggle Up with a Good Book Day." Encourage students to read at home during "I Love to Read" month!

Kindergarten: Ms. Jenerose

Kindergarten is
rocking the new year!
There is no one to
stop our
awesomeness!

1st Grade: Ms. Hya

1st grade is
number 1 like
aways!

2nd Grade: Ms. Zabel

2nd Graders Busy in January!

Frazer Second Graders had a busy, fun, and educational January! After waiting and watering their Black Pearl mushrooms for four months, the fungi finally grew and the class was able to harvest enough mushrooms to make a big crock pot full of spaghetti sauce! "It was delicious - I give it infinite out of infinite points!" said Ronyn Talks Different.

In science, the class soaked three raw eggs in vinegar, Coke, and fruit punch to see what happened - the vinegar makes the egg bounce!

Jaimie Windy Boy said, "It was fun! I love how the egg bounced!" Marilyn Jackson-Steele liked a different egg, "I liked how the fruit punch made the egg red. It was pretty."

Next, the second grader scientists will be growing crystal geodes inside of egg shells. "I can't wait," said Daxis Smoker.

3rd Grade: Ms. Joy

"Learning is not attained by chance; It must be sought for with ardour and diligence. "
- Abigail Adams

4th Grade: Ms. Uanan

The first month of 2023 has been a very productive month for the 4th graders. They already mastered how to identify adjectives in a sentence and create their own sentences using adjectives. We've been practicing for the spelling bee this coming Tuesday and I hope my students will be able to win hehe. We've been enjoying some fun experiments for our science subject and I let them do it, as long as it is safe and they will learn.

5th Grade: Ms. Betis

"Invest in knowledge today, you'll get the best interest in the future!"

K-6 Tech: Ms. Lagman

Welcome to a new semester! We are headed for some exciting new times.

K-6th Tech: Mr. Gabato

Excel on IXL. Excel in Life.

My students are having fun with the features of IXL. They are competitive with each other to be on the top of the leaderboard. It is a great way to inspire students to go above and beyond their grade level of learning. **GO BEARCUBS!**

4th-6th: Mr. Regis

Happy new year to our Frazer Bearcub kids. Looking forward to having these learners from 4th grade to appreciate the history facts about the United States of America's economy, how it survived from the "Great Depression" and enjoy such interesting videos about World War II. Having the 5th graders learning about the Spanish and Portugal's world exploration in the Americas is such a unique experience and great moment. Moreover, the 6th graders keep on working with fractions, dealing with such brain teasing number puzzle and word search. This new year, indeed, is a cool start and we will keep on pushing forward. In Mr. Regis' classroom, kids have no other business except enjoyment and learning.

6th: Mr. Odi

SHOUT OUT TO MY 6TH GRADE CLASS!!!

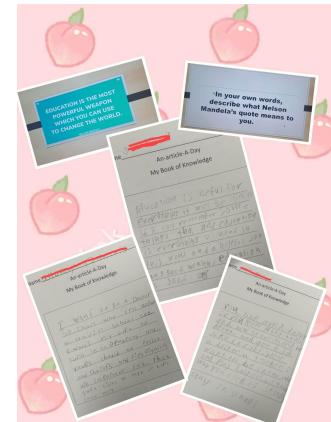

NEVER GIVE UP TRYING. IF YOU MAKE MISTAKES, IT'S OKAY BECAUSE WE ALL DO. MAKING MISTAKES IS A GREAT WAY TO LEARN.

7th: Mr. Rodriguez

7th Grade class has been doing great things! STEM is fantastic!

Librarian: Ms. Manzanas

"Education is the most powerful weapon which you can use to change the world"
-Nelson Mandela

Elementary Resource: Ms. Marifi

Happy New Year everyone! I am excited to see the smiles of my Bearcub students everyday.

7-12th Resource: Ms. Irika

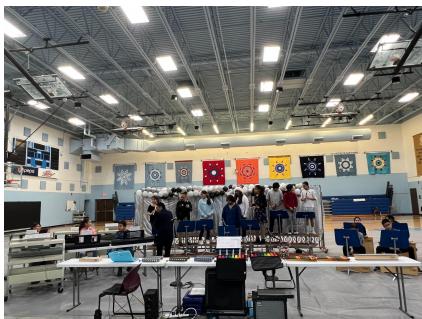

January is almost done. Hello February :) Keep smiling, because life is a beautiful thing and there's so much to smile about YOLO!

K-12TH PE: MR. LARSON

BASKETBALL IS WINDING DOWN AND WHAT CAN I SAY? IT HAS BEEN AN INTERESTING AND EXCITING SPORT SEASON. GO BEARCUBS!

K-12th Music: Mr. Joms

The Bearcubs felt the breeze of winter through the amazing performances of the music students last January 13, 2023, with this year's Winter Program. All students who participated exerted their effort and gave their very best to produce a wonderful performance for the Frazer community. I would like to thank the Frazer community for the time they allotted in coming to school early in the morning to watch their kids. Also, heartfelt gratitude to all the Filipino teachers who performed and concluded the program with a beautiful song dedicated to the Bearcubs. Thank you so much, Frazer students, staff/administrators, and hardworking teachers! It's cold outside! Keep yourself warm and safe!

K-12th Art: Ms. Heil

Semester II ART has kicked off in a great way! All elementary special classes are in the middle of clay hand building projects. It's such a fun and exciting time for them! Junior High and High School art students are painting up a storm. Stay tuned for Art show dates. Frazer School's third awareness mural entitled, "North Native America", is headed to Great Falls to be on display until May. I'm so incredibly proud of the students' hard work and willingness to share their voice with a larger community. Learn more about our mural at the Urban Art Project website below and view our artist statement. Congratulations to all the young artists!

<https://greatfallsurbanart.weebly.com/>

7-12th Business: Ms. Tade

Business has been good. Classes changed with the semester and it will be thrilling to see the new batch of students rise to the occasion of the demands of class.

7-12th Shop: Mr. Williams

I thought I would highlight a nightstand that Shakira made. It turned out really nice!

8-12th Math: Mr. Crotty

Solve proportions, rate problems, great common factors and least common multiples...properties of real numbers and distributive property universe and don't forget about the dreaded logic of the conditional statements! Math, the epic multitude of students' dreams.

8-12th Science: Ms. Diane

A toast to the new year!

This year will be a more exciting one as we move to other topics in Science for 2nd semester including but not limited to levels of organization, food webs, types of body systems, photosynthesis, cellular respiration, forms of energy, changes of state, atoms, bonding, and the periodic table. Looking forward to fill up their knowledge and experience tanks for the rest of the year! 😊

8-12th English: Ms. Hinchcliff

The month of January has just flown by! However, students have been busy with reading novels and conducting research. Students will also continue to prevail in these matters as we head into February.

**8-12th History: Ms. Zuchowski**

Since coming back in January, the students have continued to roll through their content. 8th Graders have tackled American Westward Expansion. 9th Graders learned about the continent of Asia. Sophomores covered revolutions of the western hemisphere as well as ideas of imperialism and nationalism.

Juniors delved into American Imperialism, ie empire building while Seniors focused on writing an essay on the three branches of government.

Varsity Basketball

Varsity Basketball season is in high gear. January is the mid-season month for the Bearcubs! This past weekend both boys and girls played their 13ths game against Brockton. The girls won a hard-fought battle to come out on top and gain their 3rd win of the season. The boys put their all out on the court but couldn't pull past the Warriors. However, the boys are coming together and learning how to work as a team and helping the younger players rise to the occasion. Overall, the Bearcubs have been having a wonderful season. As they head into February the last few conference games will occur and then districts.

- Jan. 6th Vs. Nashua
 - Girls 32 - 44
 - Boys 35 - 70
- Jan. 7th vs Lustre
 - Girls 39- 52
 - Boys 15 - 88
